

AZ Catering & Event Planning: Testimonials

*Your professional guidance and attention to every detail made the Oscar Gala a big success!! And **your attention to detail and problem solving skills are truly impressive.** In addition, you are cool under pressure. I am deeply grateful for your leadership and ability to get things done. Thank you is an inadequate term for what you delivered to the project, but it's the best I can say.*

*KS Wild has had the pleasure to work closely with Awna and AZ Catering for a number of years. Awna's **service and presentations are top-notch,** especially given the demands of serving 250 people each year at our Annual Dinner for the Wild. Awna's dishes are inspired by the seasons, bringing fresh, local produce and meat to the forefront of her menu. Her appetizers are savory and tasty, the deserts, decadent. She communicates effectively with her clients in all areas - from lead up to implementation to follow up. We look forward to working with her year after year.*

What a wonderful Birthday my husband had, largely because of you! Our 75+ guests are still praising the lunch you and your staff served; but the proof that it was a great party was in how long everyone lingered, savoring and enjoying seconds!

*You made hosting the party FUN for me, instead of stress and worry. From the beginning, you had great ideas for the menu and set up, as well as sensitivity to the unique aspects of the venue. Next, and most important, **the meal was terrific**, tasty and appropriate for a wide range of dietary needs. Our guests were hearty eaters, and you provided plenty. Also, **your staff was efficient and cheerful**, adding to the pleasure of the event. Last, by hardly least, **your clean up was AMAZING!** You left the venue better than you found it...a rare and priceless touch.*

*Dear Awna and staff – So many of our guests commented that this was **the best wedding food they have every tasted!** They were surprised to learn that we didn't even have a food tasting to help make the wise decision to have you cater this affair. Everything was fresh and delicious and our food choices were all complimentary. I can't thank all of you enough.*

*Just was reflecting on some of the highlights of this year for me. And one of them is meeting you and having you create your love through food at our home for Joseph 70th. **It was an honor and a blessing to have you here.** Wanted to share with you that we are still getting so many reviews from the amazing food and desserts that you all did for us. May the rest of this year be good for you. May 2016 be the best year yet for you and all your endeavors and your life passion.*
